

AI

Congratulations!

We are excited to have you with us. Please read the below and contact us via Skype.

Please create a plan and share it:

1. What is your vision?

My vision is to work on and leverage AI technology to enhance promotion and reach, ultimately increasing sales and establishing a strong presence in various cities, states, and countries.

2. Plans to generate profit?

Ensure seamless integration of the AI component into our existing products, creating a compelling value proposition for customers and driving revenue through product upgrades and premium packages.

Identify potential partners who can benefit from our AI component and establish collaborations or licensing agreements to generate revenue through licensing fees or revenue-sharing models.

3. What can be done in other cities, states, countries and more?

Social Media Engagement: Leverage the power of social media platforms, including Reddit and Twitch, to build a following, share updates, and engage with potential users. Utilize text-to-speech donations to capture attention and generate exposure.

Reviews and Endorsements: Seek positive reviews from influential sources in the AI and technology space to enhance credibility and attract potential users. Engage with book bloggers, reviewers, and AI enthusiasts who can endorse the AI component.

Tips:

1. Use social media - Social media platforms are powerful tools for promoting books. Use social media to build a following, share teasers, and interact with readers. I would utilize social media platforms, specifically reddit especially. DK states: I would also go to twitch streams and donate small amounts for text to speech to catch their attention and see if they would open it on stream creating a lot of exposure.

2. Seek reviews - Positive reviews from reputable sources can help make a book popular. Reach out to book bloggers, reviewers, and book clubs to get their book reviewed.
3. Attend events - Book signings, author talks, and other book-related events can help connect with readers and promote books.

Have those who read and qualify enter opportunities, like: the Hult Competition

Hult International Business School is the lead sponsor of the Hult Prize (formerly Hult Global Case Challenge), an annual international case competition launched in 2010 that asks students to find solutions to global social challenges.[34] The Prize is a partnership between Hult International Business School, the Clinton Global Initiative, and the United Nations Foundation.[35]

The best teams from each regional event advance to a global final, at which a single winning team is chosen. Bertil Hult provides a \$1 million cash grant to help fund the winning solution
